

Digital Supervision Family Contract

PARENT/GUARDIAN

I will ensure that cell phones are docked in parental bedroom at night.

I will be monitoring digital device use

I will always be concerned about online child safety because of love and protection.

I will be in contact with the school and other parents regarding Digital Supervision and child protection.

CHILD

I will not give out personal information online (name, address, city, age, hair or eye colour, school, place of worship, etc.)

I will not take pictures of myself and send them to an unknown. (This is a dangerous situation under any circumstances)

I will respect my parents and realize the reasons for the rules re digital device use.

I understand that digital devices should be used in rooms where parents are located as much as possible.

What other rules are best for our family?

I agree to these rules and realize the reasons for them
